■ Features:

1. This machine is a multi-purpose regulated power supply, can be used for access control, walkie-talkie, closed-circuit monitoring, anti-theft alarm system.
2. Perfect over-voltage, over-power, short circuit protection.
3. Power indicator.
4. Easy to install.

WARNING: To prevent electric shock and fire, etc., in order to prevent electric shock, dust, metal wire, etc. from entering the product, causing a short circuit.

(It is recommended to install this product in a metal chassis and ground the chassis!)

■ Specifications:

AC input	: AC100-240V 60 / 50Hz
DC output	: DC13.8V / 1.2A
Rated power	: 18W
Charge output	: DC13.8V / 0.15A max.
Ripple & noise	: 120 mVp-p
Size	: 17.5 (W) * 99 (H) * 62 (D) mm
Weight	: 77 g

■ Connection:
